YOUR Appomattox County Historical Society continues to work to fulfill its mission – to bring together those people interested in researching, collecting, preserving and promoting the history and heritage of Appomattox County, Virginia and her people.

We are very excited to announce that our newly elected slate of officers, are working closely with our Board of Directors to improve every aspect of the Society, including major renovations and improvements to our buildings to increase their appeal to the public. A regularly scheduled building maintenance program is being instituted, as well as developing the necessary funding sources to continue this program well into the future. The Society is also working on digitizing many of our records in order to make them more readily available for viewing.

The Society has many new activities in the planning stages to make Appomattox history a fun and exciting learning experience for all to enjoy!

All of these things are made possible by a solid membership base that continues to grow. We look forward to receiving your membership application or renewal today!
